

BILKENT UNIVERSITY
FACULTY OF ENGINEERING

**Electrical and Electronic Engineering
Faculty Position Announcement**

The Department of Electrical and Electronics Engineering at Bilkent University invites applications for full-time faculty positions at all levels beginning in September 2014. Candidates should have Ph.D. degrees in electrical engineering or a closely related field, have demonstrated ability to initiate and maintain a strong research program, have the potential to attract external funding.

Specific areas of interest include VLSI or microsystems with a significant electronics component, networked and embedded systems, communications, signal and image processing, microwaves and RF, biomedical engineering, photonics and nanotechnology. Outstanding candidates in other areas are also encouraged to apply.

Faculty salary is competitive and on campus housing is available. The review of application will continue until the positions are filled.

Bilkent University Electrical and Electronics Engineering Department(www.ee.bilkent.edu.tr) is the top ranking university department in Turkey that attracts the very best high school graduates with full scholarships. We offer B.S., M.S. and Ph.D. degrees in electrical and electronics engineering. General research infrastructure is well established with the best technical library in Turkey having access to all major electronic publication archives. According to ISI Citation Indexes, our department continues to rank top in Turkey in the number of published papers per faculty member and ranks high internationally.
